

TESTING REQUEST
Part 1
Test Request

Note: A Complete Testing Request consists of Parts 1 (Test Request), 2 (Sample Design), 3 (Sample Release), and 4 (Protocols)

Date 7/9/98
 Request Code Project Juice
 Requester Ed Carmines
 Cost Center to be Charged 2R6

Study Objective Perform Ames, cytotoxicity, and 90-day inhalation assays on blended cigarette samples with three different levels of citric acid added, and a control with no citric acid added. Perform smoke chemistry analyses only on control and sample with highest level of citric acid added.

Samples Blended cigarette samples with three different levels of citric acid added, and a control with no citric acid added (control to be shared with Project Milk)

Test(s) Requested	Location of Testing	Projected Start Date	Projected Completion Date
Smoke Chemistry	INBIFO	9/98	3/99
Metals Analyses	Henkel	TBD	TBD
Ames Assay	INBIFO	4/99	8/99
Cytotoxicity Assay	"	4/99	8/99
90-day Inhalation Study	CRC	9/98	10/99

Approval of Test Request
