Attention: Mopsy Pottorff

Date: January 24, 1997

From: Gray Robertson

Subject: Restaurants - Smoking Bills etc

Fax pages: 7 (total including cover sheet)

Dear Mopsy,

Your Tracy Mehaue asked me if I could send to her copies of correspondence that I had with the Hawaiian Hotel and Restaurant Associations back in 1994. I duly sent her copies of what I had left in my files.

Tracy asked me if we had ever drafted a Bill concerning smoking/IAQ regulations for restaurants. I knew that we had helped draft Bills for IAQ proposals at the State Level. I also empathize with Tracy, unless you can offer an alternative proposal you usually lose out if you simply criticize proposals drawn-up by others, usually drafted by antis. For that reason I pulled out the latest "Clean Air Act" proposal we had worked on and tried to convert it into a Bill suitable for Restaurants. A copy is attached. Please critique it and if you think appropriate, circulate to your legal eagles. If you and they like it, or a modification of it we can pass it to Tracy. Alternatively, don't be shy in telling me to lose it!!!

Best wishes,

Gray Robertson.
